

Choose your monthly premium

These tables allow you to choose your benefit based on the premium you can afford. If you choose a Funeral Plan your premium will be based on your age and gender. Please see the red column for your monthly premium. To find out about the amount of benefit available for each premium please call us or read more on our website. You can take out more than one plan but only one funeral plan, as long as the total of all premiums added together are not more than £50 a month. Please note the benefit and premium for the Increasing and Funeral Plans will be reviewed each year. Please see the Policy Summary for further details, or call us to find out more.

Male monthly premiums (£5-£27)

BENEFIT OF THE PLANS

The Funeral Plan is based on £2,250 of cover which Legal & General will pay to Dignity to cover the cost of a traditional cremation funeral.
