

Energy Saver Cashback

How to claim

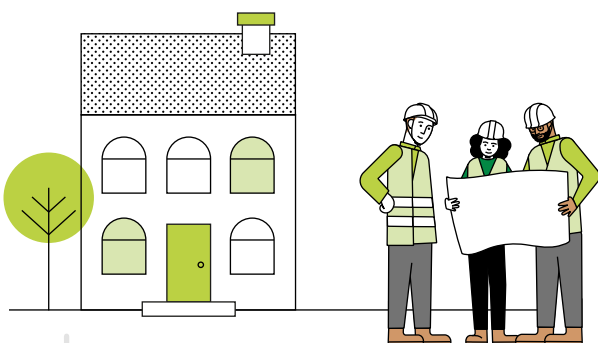

Your client will receive an Energy Saver Cashback guide within their Offer Pack, providing the full T&Cs on what qualifies for the cashback.

Once the work's completed within 12 months of their loan taking place, they'll provide us with an invoice and works documentation to start their claim.

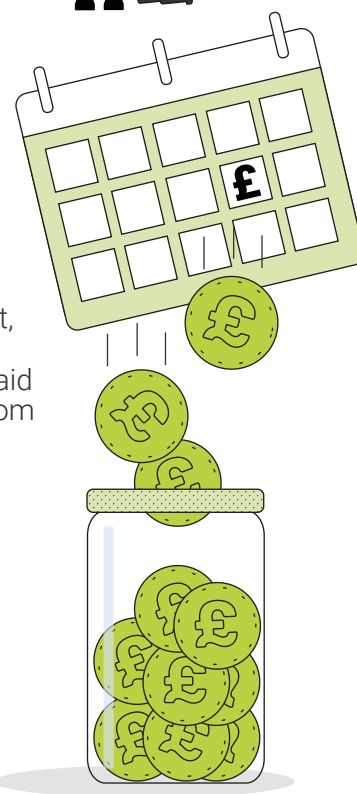

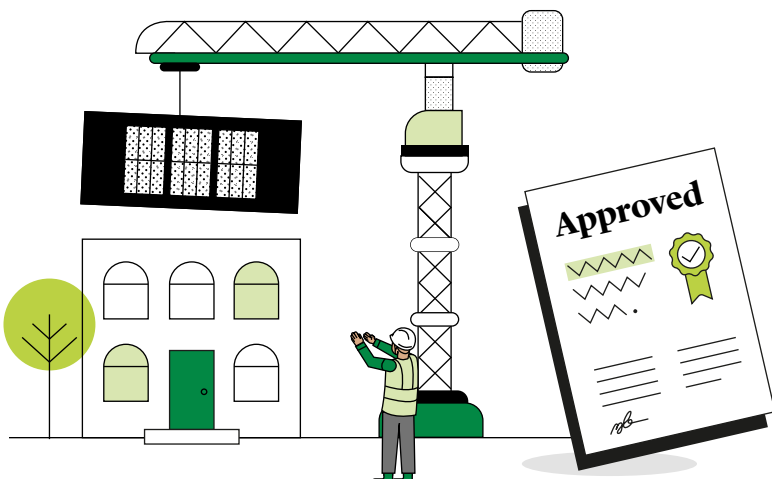

They'll instruct an approved installer to carry out their improvements.
We've provided some helpful links.

They'll check the chosen work within our eligibility list.
Assuring any planning permissions are obtained before the works carried out.

After assessment, payment will be processed and paid within 30 days from submission.

Full details, links and supporting information can be located within the Energy Saver Cashback guide.
