

Tariff of Charges

This leaflet gives you information about our standard fees and charges for our Lifetime Mortgages. We can vary or add to the charges set out in our Tariff of Charges for any of the reasons outlined in our standard Terms & Conditions. The Tariff of Charges will be provided to you at least once a year and will be available on our website: www.legalandgeneral.com/lifetime-mortgages

1. Fees for taking out your lifetime mortgage

These are the fees that you may pay before we transfer your mortgage funds.

The standard fees and charges that you may need to pay when taking out a lifetime mortgage, are set out below. In some instances, the actual fee may be more or less than shown here. Please see your personalised Key Facts Illustration or Offer of Loan for the actual fees you will pay.

Name of charge	What is this charge for?	How much is the charge?
Application Fee We call this an 'Arrangement Fee'	You may need to pay a non-refundable fee which contributes towards the cost of setting up your lifetime mortgage. This fee is payable on completion of your lifetime mortgage. This fee is deducted from the cash amount released to you, but if you wish you can add it to your lifetime mortgage, it will increase the amount you owe, and you will pay interest on it.	£599
Valuation Fee	You may need to pay a non-refundable valuation fee which contributes towards the cost of valuing the property. When you take out a lifetime mortgage or further advance, the amount of the fee is based on your estimate of the property value and is payable when you apply for a lifetime mortgage. We will instruct an independent valuer to tell us if your property meets our lending criteria and to provide a valuation so we can calculate how much you can borrow. A reinspection fee may be required if your mortgage is released in stages and you're using it to renovate your home, this covers the new valuation we need to do after work is carried out.	See below table for fees you may have to pay
Legal Fees	You will need to pay a non-refundable legal fee directly to your own solicitor. The amount of the fee is an estimate and is payable when your lifetime mortgage completes. You may have to pay legal disbursements.	£650
Telegraphic Transfer Fee	This will be deducted from all amounts transferred to you or your solicitor.	£30

2. Valuation fee scale

When our products do charge a valuation fee and for further advances, this is the scale that we use. All valuations are carried out by independent surveyors and are valid for six months. You may be charged a separate fee by your solicitor or licensed or qualified conveyancer for their work relating to redemption of the mortgage and discharge of the security.	£125

Note:

- These charges include VAT at the prevailing rates unless stated otherwise.
- You have to pay these fees and charges up front, but we reserve the right to add these to your lifetime mortgage. If we add these fees and charges to your lifetime mortgage, it will increase the amount you owe, and you will pay interest on them.
- We review our charges and may change them if required.

4. Repaying your loan – early repayment charges

Your lifetime mortgage is designed to be repaid when you (or if joint borrowers, both of you) have died or leave your home because you need long term care. If you repay your lifetime mortgage at any time before that, you may have to pay an Early Repayment Charge.

This charge is to recover costs that we or our funding providers incur when setting up your lifetime mortgage, any transaction costs incurred in reinvesting the money or due to changes in long term interest rates. Please see your Key Facts Illustration or Offer of Loan for more information on the Early Repayment Charge.

With your annual statement, we let you know how much you would need to pay in Early Repayment Charges, if you were to repay your loan at that time.
