1. Introduction

The New Lending Standards apply to new customers and existing customers who are applying for a new Payment Term Lifetime Mortgage (PTLM) with Legal & General Home Finance (LGHF).

The LGHF Lending Principles are;

- Financially strong borrowers:
 - Borrowers with the ability to repay, as determined by the LGHF PTLM affordability model, for the duration of the payment term.
 - Borrowers with the willingness to repay evidenced via their credit score, past behaviours and Loan to Value (LTV).
- Security – residential property which will be the borrower’s main residence is suitable for immediate occupation, is readily marketable and on which LGHF can obtain a first legal charge.

NL0502	Mortgage term will be determined by the mortality tables within the lending system, for PTLM, the payment term will be determined by either the borrowers employment type and expected retirement age, up to age 75, if at least one borrower is in employment. Or, if both borrowers (if joint) or a sole borrower is already retired, up to age 75 th birthday of the oldest borrower.
NL0503	<p>All eligible employed borrowers can have a payment term up to state retirement age. Anyone with a profession in the following list cannot borrow beyond state retirement age: firefighters, police officers, paramedics, bricklayers/ masons, plasterers, armed forces, prison wardens, construction labourers, roofers and commercial drivers. This list is not definitive and underwriter judgement may be used.</p> <p>Borrowers with the following types of occupations who have been in the same employment for 12 months or over, are able to be considered for payment terms longer than state retirement age: solicitors, accountants, clerical workers, administration support workers, customer services, retail, managerial roles and professionals. This list is not definitive and underwriter judgement may be used.</p> <p>Borrowers who are already retired (both if joint), can have a payment term up to age 75th birthday of the oldest borrower.</p>

NL0505	<p>Minimum Term:</p> <p>Term will be determined by the mortality tables built into the lending system, however borrowers under the age of 55 must have a minimum payment term that takes them until age 55.</p>

NL0507	<p>PTLM repayment period:</p> <p>For applicants where one (either sole or joint) borrower is in employment, the repayment term will be determined by the expected full retirement age of the customer in conjunction with an internal assessment as to the feasibility of that retirement age against their profession. The maximum age at the end of the payment term is 75 years old.</p> <p>For joint applications the repayment period will be based on the earliest retirement date for each applicant where their working income is used in the affordability assessment, and/or the oldest applicant reaching the age of 75.</p> <p>For applicants where one if sole, or both if joint, borrowers are retired, the maximum age at the end of the payment term is 75 years old (if joint borrowers, the maximum is the oldest borrower's 75th birthday)</p>

NL0602	Minimum age 50.
Code	Standards
NL0603	Maximum age – The maximum age at completion is 74 (75 next birthday). The mortgage must complete by the oldest customers' 74th birthday because the payment term must end no later than one month after the oldest applicant's 75th birthday.
NL0604	Lending to a customer who is retired or enters retirement during the term of the mortgage is permitted subject to affordability. For PTLM LGHF defines retirement as 75 or declared age whichever is earlier. However, if a borrower's employed income is used for affordability purposes , the payment term cannot extend beyond the last employed borrower's full retirement age. If only retirement income is used for affordability purposes, the payment term cannot extend beyond the (oldest if joint) borrower's 75th birthday.
NL0605	Foreign nationals must confirm whether they have indefinite leave to remain or right to reside.
NL0606	Lending is not permitted to customers with diplomatic immunity from UK law.
NL0607	All applicants must have been resident in the UK for at least 6 months.

Power of Attorney

We only accept an Enduring or Lasting Power of Attorney for use in transactions.

An Enduring or Lasting Power of Attorney continues when an individual loses capacity and requires someone to act on their behalf. An Enduring Power or Attorney must be registered with the Office of Public Guardian once capacity has been lost.

Applications made under an Enduring or Lasting Power of Attorney for Property and Financial Affairs may be acceptable subject to the following requirements:

- The Power of Attorney documents needs to be submitted to LGHF for prior approval together with Photo ID and proof of residence for each attorney. **We will not accept an attorney signing on behalf of any borrower unless the borrower has a physical or mental incapacity.**
 - Where a borrower is in the early stages of losing mental capacity (for example early-stage dementia), the preference is that they continue to act for themselves, with the Financial Adviser and Solicitors confirming they had mental capacity to understand and make decisions at the time of the face-to-face appointment.
 - If this is not possible, a letter from the borrowers GP should be obtained stating that they do not have the mental capacity to act for themselves in a transaction such as this.
- Where a borrower is physically incapacitated i.e., they cannot sign the document themselves, they can have an attorney appointed under an enduring or lasting power to sign on their behalf provided that both the borrower and attorney are advised by the financial adviser and solicitor. *NOTE – If a borrower can make a physical mark and has been appropriately identified by the solicitor, the Land Registry preference would be for them to sign for themselves.* Please note that if an Enduring Power of Attorney has been formally registered with the Office of Public Guardian any physical incapacity has been overtaken by mental incapacity.
- Where a borrower is mentally incapacitated the enduring or lasting power of attorney must be requested with the office of the Public Guardian. In addition, we should confirm that the **purpose of the release is for the welfare and benefit of the borrower.**

A borrower cannot act in signing the mortgage deed both as Proprietor (owner) and Attorney as this is unacceptable to the Land Registry.

General Information – Court of Protection

Where a borrower is mentally incapacitated and has not validly appointed an Attorney, it may be possible to proceed by way of having a Deputy appointed by the Court of Protection. The Order appointing the Deputy should also specifically mention mortgaging and the Deputy appointed must not be a registered proprietor/spouse.

There are 2 types of Deputy – Property and Financial Affairs or Personal Welfare (Care etc). A Court Order sets out what the Deputy can and cannot do and the Deputy must act within the scope of the Court Order.

Land Registry will reject applications where the joint owner is represented by a Deputy unless.

- A new trustee is appointed in place of the customer, or
- There is a specific Court Order in favour of the acting Deputy permitting the Deputy to deal with the beneficial interest of the incapacitated owner.

A newly appointed third-party trustee would not tend to be a suitable solution for release as the trustee would not have the same obligations or relationship with the incapacitated borrower that a Deputy has.

Implication is that for joint owner situations, the Deputy must always be specifically authorised to enter into the release of equity.

A Court Order supplementing the existing Property and Financial Affairs Court Order would be required.

Scotland

In Scotland, there are 3 types of Power of Attorney.

- Continuing Power of Attorney
- Welfare Power of Attorney (Not appropriate for mortgages)
- Combined Power of Attorney

A Continuing Power of Attorney must be registered at Office of the Public Guardian (Scotland).

Guardianship Orders are made by the Sheriff appointing an individual to make decisions and act for an incapable person on an on-going basis. This is usually for 3 years or more.

A Guardianship Order is applicable where there is no Power of Attorney in place, and you need sheriff court approval to obtain one.

Further Advances

Must be dealt with in the same way as a new business case – a borrower cannot act in signing the mortgage deed both as a proprietor and attorney as this is unacceptable to the Land Registry.

Further advances with a deputy – There may be times where an existing individual loses the capacity to make decisions after the initial mortgage has been taken out. If the individual does not have an Enduring or Lasting Power of Attorney, an application to the Court of Protection is made who will appoint a Deputy.

When dealing with Further Advances and the customer has a Deputy, we need to check the original court order and check that the amount requested does not exceed the Court Order as the initial court order may only be for the initial advance. In this scenario, we would need to advise the Deputy and they would need to get a further court order and send this to us. The court order must be checked for any limitations or restriction on the Deputy.

Porting

Must be dealt with in the same way as a New Business case – a borrower cannot act in signing the mortgage deed both as a proprietor and attorney as this is unacceptable to the Land Registry.

Umbrella Companies	<p>An umbrella company is a company that acts as an employer to agency contractors who work under a fixed term contract assignment, usually through a recruitment employment agency in the United Kingdom.</p> <p>An Umbrella Company will employ a person under an overarching Contract of Employment and will be responsible for raising invoices for the work that they do whilst on assignment, this means that they will not have the worry of setting up and running a company or appointing an accountant.</p> <p>It is worth noting that all Umbrella Companies are, effectively, controlled by the HMRC. All payments must be made through PAYE and HMRC also dictate which expenses they are allowed to claim. Therefore, the only difference in your take home pay should be the Umbrella Company's margin.</p>
